THE WALKING THE PEAKS GUIDE TO...THE PEAK DISTRICT

WELCOME

The Peak District is a large area covering 555 square miles, and there's lots to do throughout the area when you're not out walking. This guide gives you some details of each of the main towns in the area, as well as information about many of the smaller villages.

We learned a lot ourselves just putting this guide together, so if you're new to the Peak District or even a regular visitor, there's hopefully things in this guide that are of interest and give you some ideas about what to do, as well as a little history to the towns and villages. We hope it will help you get the most out of your visit.

It's not intended to cover everything (we're a walking holidays company, not Lonely Planet!) and whilst we do try and keep this guide updated, things may occasionally be out of date so please do get in touch if so. We can then get things sorted for the benefit of all our customers.
